

Our full lineup of condensate neutralizer tubes

NeutraSafe® tube-style condensate neutralizers are available in six sizes from 220,000 to 2 million BTUhs. These patented units feature easy-to-service designs with integral unions, O-ring seals, and removable media sacks. The main body can be detached without affecting the drain line. Recharge kits include spare O-rings for different models, and all units come with snap-in mounting brackets.

CN2-220C

2" Diameter Condensate Neutralizer Clear Filter Tube

Capacity:

220,000 BTU/HR

Case Quantity: **12 Tubes**

Recharge Kit: **22RCK-S**

Features:

- Bi-directional
- Horizontal installation only
- Integral O-ring unions

Includes:

- Media filled sack
- (2) ½" Male x ¾" PVC socket fittings
- (2) Snap-in Brackets

CN2-220BC

2" Diameter Condensate Neutralizer Clear Filter Tube

Capacity:

220,000 BTU/HR

Case Quantity: **12 Tubes**

Recharge Kit: **22RCK-S**

Features:

- Bi-directional
- Horizontal installation only
- Integral O-ring unions

Includes:

- Media filled sack
- (2) ½" Male x ¾" PVC socket fittings
- (2) Snap-in Brackets
- (2) Barb fittings

CN2-220V

2" Diameter Condensate Neutralizer Clear Filter Tube

Capacity:

220,000 BTU/HR

Case Quantity: **12 Tubes**

Recharge Kit: **22RCK-S**

Features:

- Bi-directional
- Vertical or horizontal installation
- Integral O-ring unions

Includes:

- Media filled sack
- (2) ½" M x ¾" PVC socket fittings
- (2) Snap-in Brackets
- (2) ½" M x F threaded 90
- (2) ½" M x socket fittings
- (1) Stainless steel screen

CN2-300C

2" Diameter Condensate Neutralizer Clear Filter Tube

Capacity:

330,000 BTU/HR

Case Quantity: **12 Tubes**

Recharge Kit: **30RCK-S**

Features:

- Bi-directional
- Horizontal installation only
- Integral O-ring unions

Includes:

- Media filled sack
- (2) ½" Male x ¾" PVC socket fittings
- (2) Snap-in Brackets

CN4B-600C

4" Diameter Condensate Neutralizer Clear Filter Tube

Capacity:

600,000 BTU/HR

Case Quantity: **6 Tubes**

Recharge Kit: **60RCK-S**

Features:

- Bi-directional
- Horizontal installation only
- Integral O-ring unions

Includes:

- Media filled sack
- (2) ¾" Male x ¾" PVC socket fittings
- (2) Snap-in Brackets

CN4B-850C

4" Diameter Condensate Neutralizer Clear Filter Tube

Capacity:

850,000 BTU/HR

Case Quantity: **6 Tubes**

Recharge Kit: **85RCK-S**

Features:

- Bi-directional
- Horizontal installation only
- Integral O-ring unions

Includes:

- Media filled sack
- (2) ¾" Male x ¾" PVC socket fittings
- (2) Snap-in Brackets

CN4B-1200C

4" Diameter Condensate Neutralizer Clear Filter Tube

Capacity:

1,200,000 BTU/HR

Case Quantity: **4 Tubes**

Recharge Kit: **120RCK-S**

Features:

- Bi-directional
- Horizontal installation only
- Integral O-ring unions

Includes:

- Media filled sack
- (2) ¾" Male x ¾" PVC socket fittings
- (2) Snap-in Brackets

CN4B-2000C

4" Diameter Condensate Neutralizer Clear Filter Tube

Capacity:

2,000,000 BTU/HR

Case Quantity: **1 Each**

Recharge Kit: **200RCK-S**

Features:

- Bi-directional
- Horizontal installation only
- Integral O-ring unions

Includes:

- Media filled sack
- (2) ¾" Male x ¾" PVC socket fittings
- (2) Snap-in Brackets
